- All clothing, including outerwear should have fasteners that the student can manage independently. Please keep bathroom use in mind.
- Each student should have an extra set of clothing appropriate for the season as they will be playing outside and clothes can get muddy.
  
- **Backpack**
  - Students need to be able to pack and unpack it independently. This includes putting a lunchbox, binder, and water bottle inside and zipping. If your child struggles with this, please have them practice at home. Although this may initially seem time consuming, their skills will improve with practice and it will help increase their independence and self-confidence.
  
- **Chromebook**
  - Lower School students will be issued Chromebooks. Students should have a keychain (or something similar) that they have chosen that easily distinguishes and identifies their Chromebook case as their own.

**All Items are to have your child's name clearly marked on them.**
