Subject: Centreville Layton School Private Educational Program Approval Status

A comprehensive review of the above referenced private educational program at a private school/facility for students with disabilities has been conducted and it is determined that the educational program is REAPPROVED for a period of three years beginning May 1, 2023 and ending April 30, 2026 to serve students with disabilities grades kindergarten through twelfth, and students ages 18 through 21. This determination is based upon a completed and reviewed application, associated submission of materials, and an onsite visit completed on April 6, 2023.
